

Liam Wellacott

lw88@hw.ac.uk

First year PhD student at the Edinburgh Centre for Robotics.

### Research:

- Neurorobotics: Neuro4Pd (Neurorobotics for Parkinson's disease)
- Biologically inspired computation

### Previously:

- **2017-2019** Software engineer/Field Application Engineer (Automotive)
  - Real Time OS/Drivers
  - Development tools for automotive engineers
- **2012-2017** MEng Computer Science with Artificial Intelligence  
University of York
  - Thesis: “Behaviourally heterogeneous swarms applied to search”

EDINBURGH CENTRE FOR  
**ROBOTICS**
